Remember all
our women in the jails
Remember all
our women in campaigns
Remember all our women
over many fighting years
Remember all our women
for their triumphs,
and for their tears

so i pray
to the voices that whisper in my
soft curves for the lionesses of my blood
to hear the songs of the cool reeds
to feel the green blood beat
of cataclysm on their breasts
and to know the embrace of freedom
in nourishing silences
where their radiant ebony vessels
are reflections of their souls

WOMEN

our children may be our future,
but our women are our
foundation. like the continent
we come from, the women of
africa are powerful and
resilient, but there is a warmth
and generosity that holds that
power together, like thread
through beads.
